

EUCLIA - BXL 1

Submersible lighting equipment.

Two EUCLIA Led sources.
One BXL 1 battery-pack.

Performance and safety.
High quality and powerfull LED.
18 000 lumens on each sources.
Total lighting capacity : 36 000lumens.
Two hours autonomy at full.
Electronic automated charger.
Battery full load on four hours.

EUCLIA

LED 180watt
0 to 18000 lumens
5200°K
Optical : 120°
Rotatif dimmer - 16 steps
Connector : AK Hydrovolt
Size : Ø 2,75 x L 2,40 inches
Weight : 0,8lbs
Material : anodized aluminium and polyacétal - POM
PSI test : 290psi
Fixing: fasten ball joint : Ø 25mm

BXL 1 - battery pack LiFe Po4

Capacity : 20amperes / hours
Nominal voltage : 25,6volts
Over charge protection : 31,2volts
Discharge protection: 18volts
Maximum continuous discharge power : 40amperes
Two connectors AK Hydrovolt
Size : L 10,23 x l 6,49 x H 6,10 inches
Weight : 20,9lbs
Matériau : polyacétal- POM
PSI test : 217psi
Fixing : screws and strap passing
